SENSITIVE SCALES

Often the doctor requires 1-60th or 1-100th part of a grain of medicine to be used. Such small quantities demand the most skillful and accurate weighing. Our prescription scales are extremely sensitive to small weights, because they are the best scales we can buy. This careful weighing is only one of the many things you enjoy when we fill your prescriptions.

Pistol and Revolver Cartridges That Are Dependable and Accurate

YOU selected your pistol or revolver because you expected it to give you results. Now, results—whether in casual shooting—or in serious work at the target—depend more than you might think on the wise choice of ammunition. It is worth remembering that the biggest men in the Pistol and Revolver classes are shooting Remington-Union Metallic Cartridge Company (RUMC) cartridges—made for every standard make of pistol and revolver used anywhere in the world.

For the right ammunition from the sportsman's point of view, see the Remington-Union Metallic Cartridge Company (RUMC) Dealer. He displays the Red Bull Mark of Remington-Union Metallic Cartridge Company (RUMC).

FIFTEEN DIFFERENT KINDS

F. C. PARRISH, Spot Cash Store

Mrs. W. R. Merrill, Arthur and Horace, came in from San Diego Friday. Mrs. Merrill has sold her business in San Diego, and will make her home in Deming. The Merrills are "sure enough old timers", the boys being native sons of the Sunshine State, and, therefore, can not feel at home elsewhere than in Deming.

B. O. Mastick, like all the rest that have breathed the glorious air and drank the youth producing water of Deming, is shaking hands with his numerous friends hereabouts. He "couldn't and wouldn't stay away."

The Katy Mining and Milling Co., located near Pinos Altos, had its first stockholders' meeting in Hurley October 1, and elected officers and directors for the ensuing year. L. W. Russell was chosen president; Phil Harrigan, Ed Busch, and R. L. Miller, directors.

The property is a good producer of copper, gold, and silver. This company has just sunk a shaft 300 feet deeper to the 200-foot level, and covering a great quantity of ore of high grade. Shipping will begin within two or three weeks.

Prof. W. B. MacFarland, superintendent of the public schools of Silver City, accompanied by Mr. MacFarland and their son, stopped over in Deming Sunday on their way from El Paso.

Mrs. F. McVannan of Separ was in town Sunday.

P. J. Watson of San Marcial was in Deming Sunday.

L. C. Janney of Hurley, stopped over in the town Sunday.

Mr. and Mrs. J. A. Martin of Seattle, reached Deming the latter part of last week and will remain here for several days to look over the town and country.

M. S. Nord and R. B. Williams of the Republic Mining Co., accompanied by J. W. Dines and daughter Florence motored out to the Tree Hermans Sunday, looking into some mining interests.

Charles Parr of Riverside, Calif., a brother-in-law of Ira Hnas, who recently bought the Granbles place east of the city, has been in the city for the past few days looking over the valley. He was shown the places of interest by the Wells-Pough Realty Company.

Malrey, one of the mechanics at the Park Garage, was arrested Monday on a warrant from Arizona, for the alleged non-payment of alimony to his former wife.

Robert Harrington of El Paso was in Deming the early part of the week shipping cattle to El Paso. He is associated with Mr. Gilchrist in the cattle buying business.

SELF-FEEDING SILO IS NEW INVENTION OF DEMING MAN

Skelton Glenn came up from El Paso Saturday evening, bringing with him the cuts and specifications of his new invention, which he calls the "Open Bin Self-Feeding Silo"; which he claims will pay for itself in one year, because of its cheapness and protection from storms, etc.

Mr. Glenn will put his invention on the market as soon as the issuance of his patent is made from the U. S. Patent office. It is understood that the patent has been granted.

Mrs. John McTeer, who had a nasal operation in an El Paso hospital last week, is reported to be rapidly recovering.

C. E. Stonesipher of Riverside, Cal., left the city for his home Sunday. He spent several days looking over the valley. He is the owner of a large orange grove in Riverside county. Mr. Stonesipher is certain that this section is well adapted to the raising of apples, peaches, pears, and grapes.

Hospital Notes

Donations to the Ladies' Hospital have been as follows:
The O. E. S. gave a hand embroidered towel for their room at the hospital.

Mrs. Fred Sherman gave two jars of fruit and three glasses of jelly.

Mrs. Garber, of Hondale, gave two glasses of jelly and a jar of fruit.

Mrs. J. A. Clossin gave cantaloupes.

Mrs. McAdams gave cantaloupes.

Mrs. Wright Shaw gave many beautiful dahlias.

Mrs. Poole, of Red Mountain, gave three jars of fruit and one glass of jelly.

W. W. Crawford, who underwent a critical operation several weeks ago, has so far recovered his strength as to be able to walk about the hospital and grounds.

AFTER SIX YEARS

Albuquerque Testimony is Unshaken. Time is the best test of truth. Here is an Albuquerque story that has stood the test of time. It is a story with a point that will come straight home to many of us.

Mrs. E. Adair, 823 S. Edith St., Albuquerque, N. Mex., says: "I had pains in my back, below the shoulder blades. When I was on my feet or walking around, I didn't feel the trouble, but the minute I sat down, the pain began. One box of Doan's Kidney Pills brought relief." (Statement given Jan. 31st, 1907).

OVER SIX YEARS LATER, Mrs. Adair said: "I use Doan's Kidney Pills occasionally as I feel in need of them and I always get quick and sure relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Adair has twice publicly recommended.
